

## Racking & Accessories In Stock & Ready to Ship

**Fast turnaround and great pricing! New and like-new pallet racking –  
We're Apex and We've Got This!**

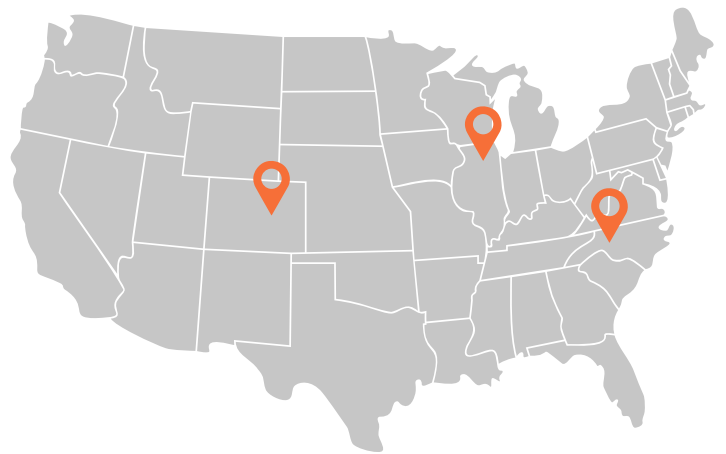

Shop our extensive stock of new and used pallet rack components. Build your quote online for new components. Call for up-to-date inventory for used racking.

Quick Ship rack components are in stock and ready to go. Items ship from our conveniently located warehouse locations in Aurora, IL, Denver, CO, and Hickory, SC, ensuring speedy, cost-effective delivery.

### Quick Ship Products

- Pallet rack upright frames
- Pallet rack beams
- Pallet rack accessories:
  - » Wire decking
  - » Pallet supports
  - » Column protectors
  - » End row guards
  - » Row spacers
- Used rack components: frames, beams, & accessories
- Used systems, i.e. push-back, gravity flow or drive-in (call for availability)

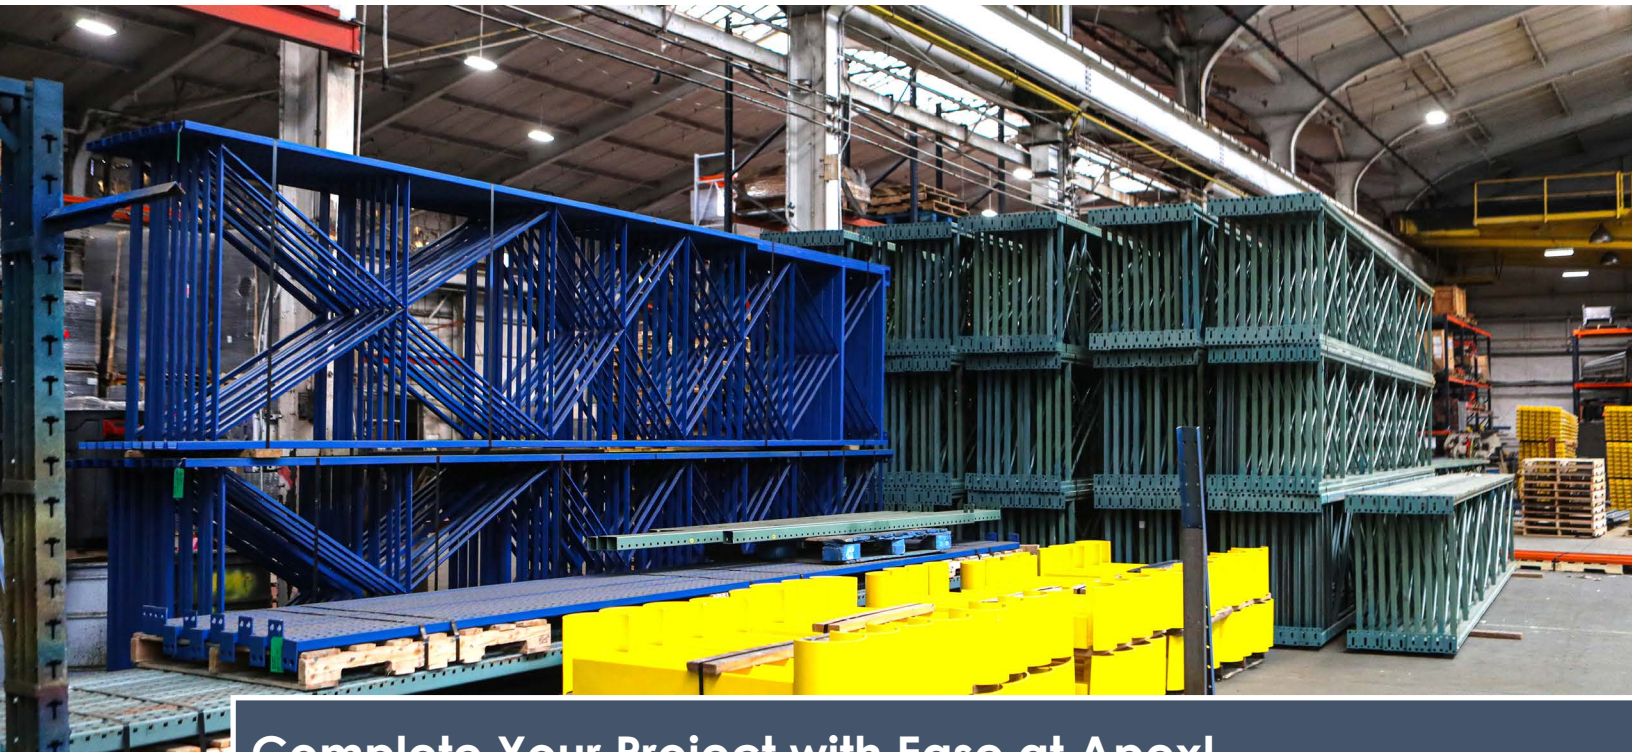

### Apex Warehouse Locations

Save on quality used items. Components are carefully inspected, dismantled, and packaged to protect them from damage en route. Scratches and superficial markings may be present.

**Build Your Quote!**

## Complete Your Project with Ease at Apex!

### Build Your Quote for All New Components!

Our user-friendly Quote Builder makes it easy to configure a custom pallet rack system or order individual new components and accessories. Please call for current stock counts of used items and systems.

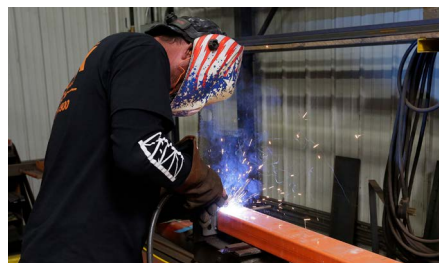

1. Shop items by category - frames, beams and accessories!
2. Add selected items to your quote.
3. Hit submit.
4. An Apex representative will promptly reply with pricing and an estimated ship date.

### Complete Your Purchase with Expert Engineering, Design, Installation, and Customization

Our Engineering and Design team can help with PE certification, system design, and rack configuration. We provide safe capacity and load ratings, and Apex professional installation teams can build your system correctly and with minimal disruption. For customized components, trust our in-house refurbishing shop for cost-effective, on-premises service with quick turnaround.
